Subject: Submittal of the Draft Cover Materials Characterization Work Plan, Yerington Mine Site, Lyon County, Nevada: Administrative Order on Consent, EPA Region 9 CERCLA Docket No. 09-2009-0010

Dear Ms. Hollan:

Pursuant to the March 18, 2010 e-mail correspondence from the U.S. Environmental Protection Agency - Region 9 (EPA) to Atlantic Richfield Company (ARC) entitled "Anaconda Evaporation Ponds Removal Actions", ARC has prepared the Draft Cover Materials Characterization Work Plan (Work Plan) for the Yerington Mine Site (Site). This Work Plan is related to the removal action for the Anaconda evaporation ponds required under the subject Administrative Order on Consent and attached Scope of Work¹ dated April 21, 2009. The characterization data resulting from the implementation of this Work Plan will also provide data in support of the remedial investigations and feasibility studies for several operable units (OUs) at the Site, pursuant to the *Administrative Order for Remedial Investigation and Feasibility Study* (RI/FS; EPA Docket No. 9-2007-0005). In addition to preparing hard copies of the Work Plan for a number of the copied recipients indicated below, it has been uploaded to the Tetra Tech/EPA Anaconda Document Library (SharePoint Partners Website <https://partners.ttemi.com/sites/epanevada/default.aspx>) in the folder entitled **Draft Cover Materials Characterization Work Plan June 2010**.

If you have any questions regarding the Draft Cover Materials Characterization Work Plan dated June 25, 2010, please contact me at (714) 228-6774 or via e-mail (jack.oman@bp.com).

Sincerely,

Jack Oman
Project Manager

Subject: Submittal of the Draft Cover Materials Characterization Work Plan, Yerington Mine Site, Lyon County, Nevada: Administrative Order on Consent, EPA Region 9 CERCLA Docket No. 09-2009-0010

Dear Ms. Hollan:

Pursuant to the March 18, 2010 e-mail correspondence from the U.S. Environmental Protection Agency - Region 9 (EPA) to Atlantic Richfield Company (ARC) entitled "Anaconda Evaporation Ponds Removal Actions", ARC has prepared the Draft Cover Materials Characterization Work Plan (Work Plan) for the Yerington Mine Site (Site). This Work Plan is related to the removal action for the Anaconda evaporation ponds required under the subject Administrative Order on Consent and attached Scope of Work¹ dated April 21, 2009. The characterization data resulting from the implementation of this Work Plan will also provide data in support of the remedial investigations and feasibility studies for several operable units (OUs) at the Site, pursuant to the *Administrative Order for Remedial Investigation and Feasibility Study* (RI/FS; EPA Docket No. 9-2007-0005). In addition to preparing hard copies of the Work Plan for a number of the copied recipients indicated below, it has been uploaded to the Tetra Tech/EPA Anaconda Document Library (SharePoint Partners Website <https://partners.ttemi.com/sites/epanevada/default.aspx>) in the folder entitled **Draft Cover Materials Characterization Work Plan June 2010**.

If you have any questions regarding the Draft Cover Materials Characterization Work Plan dated June 25, 2010, please contact me at (714) 228-6774 or via e-mail (jack.oman@bp.com).

Sincerely,

Jack Oman
Project Manager

Pursuant to the March 18, 2010 e-mail correspondence from the U.S. Environmental Protection Agency - Region 9 (EPA) to Atlantic Richfield Company (ARC) entitled "Anaconda Evaporation Ponds Removal Actions", ARC has prepared the Draft Cover Materials Characterization Work Plan (Work Plan) for the Yerington Mine Site (Site). This Work Plan is related to the removal action for the Anaconda evaporation ponds required under the subject Administrative Order on Consent and attached Scope of Work¹ dated April 21, 2009. The characterization data resulting from the implementation of this Work Plan will also provide data in support of the remedial investigations and feasibility studies for several operable units (OUs) at the Site, pursuant to the *Administrative Order for Remedial Investigation and Feasibility Study* (RI/FS; EPA Docket No. 9-2007-0005). In addition to preparing hard copies of the Work Plan for a number of the copied recipients indicated below, it has been uploaded to the Tetra Tech/EPA Anaconda Document Library (SharePoint Partners Website <https://partners.ttemi.com/sites/epanevada/default.aspx>) in the folder entitled **Draft Cover Materials Characterization Work Plan June 2010**.

If you have any questions regarding the Draft Cover Materials Characterization Work Plan dated June 25, 2010, please contact me at (714) 228-6774 or via e-mail (jack.oman@bp.com).

Sincerely,

Jack Oman
Project Manager
